The Levo

Elevate your business with Losberger De Boer's Levo

For decades, Losberger De Boer has been a pioneer in the tent industry, delivering innovative and versatile tent systems that meet a wide range of needs. The latest addition to our portfolio, is the Levo. This remarkable system is designed to elevate your event tents, taking them to a whole new level of sophistication. Whether it's a wedding, gala, or any exclusive occasion, the Levo ensures an unforgettable experience.

The Levo offers more than just a striking roof shape. The option of a fully transparent roof makes the Levo an ideal choice for daytime events or scenic outdoor locations. Let guests immerse themselves in nature's beauty while enjoying the comfort of a high-end event building.

Available as add-on or stand-alone venue

Discover the Levo as an add-on to complement your existing Losberger De Boer structures, or as a stand-alone, complete tent system. This versatility makes the Levo a compelling choice for tent rental companies seeking to enhance their inventory's value. Wedding planners will find the Levo to be the pinnacle of elegance, offering the perfect venue for high-end weddings.

Experience unobstructed space

The Levo is one of only a few structures of its kind in the market today, that doesn't make use of interior legs. This means that the entire space remains unobstructed, allowing for maximum utilization and limitless event possibilities. With the Levo, your layout is not restricted and you can offer your clients a seamless flow and uninterrupted views, which further adds to the open, high-end look and feel of this structure.

Who Benefits from the Levo

- **Tent rental companies** who want to get more out of their existing inventory – the Levo makes it possible. Events can be redesigned completely with minimal effort.
- **Event organizers** who need exclusive space for product launches, VIPs and more.
- **Wedding planners** who want to offer their couples a stylish, unforgettable location.

Features

- No interior supports – more open space for special occasions
- Horizontal glass wall elements
- PVC/clear foil in roof and gables
- Exclusive, unique design
- Available with black coating
- Compatible with our Uniflex and Maxiflex systems

The Levo Arcum

A refined addition to the celebrated Levo line

The Levo Arcum expands on the celebrated Levo product line with a graceful curved roofline that adds a distinctive touch to its already renowned elegance and versatility. Designed for high-end weddings, sophisticated festivals, and exclusive events, the Arcum seamlessly blends style with the reliability that event professionals value.

Building on the success of the Levo series, the Arcum introduces a refined design that enhances both functionality and visual appeal. Its signature curved roofline delivers an exclusive look that sets it apart from standard event structures. Thanks to the Levo's modular system, this distinctive roof is just one of many interchangeable elements. With a few key components, you can transform the entire design - offering clients a fresh look without investing in a whole new structure.

Key features

- **Distinctive design:** The elegant curved roofline creates a modern, high-end aesthetic.
- **Seamless integration:** Fully compatible with existing Losberger De Boer structures for maximum flexibility.
- **Unobstructed space:** No interior legs, ensuring a spacious and adaptable layout for any event.
- **High-quality materials:** Available with transparent or PVC panels to suit every occasion.
- **Reliable engineering:** Built to meet the highest safety and durability standards, including wind load certification (DIN EN 13782).

Applications:

The Levo Arcum is the perfect choice for event professionals who want to elevate their event portfolio. Whether it's a stylish garden wedding, a vibrant festival, or a corporate gala, the Arcum provides the sophistication and practicality that make every event memorable.

Why choose the Levo Arcum?

- **Elevated elegance:** Impress your clients with a structure that stands out in both style and quality.
- **Proven versatility:** Adaptable to a wide range of applications and easy to integrate into existing setups.
- **Long-term value:** Designed for durability and backed by Losberger De Boer's commitment to excellence.

- Available with black frame finish
- Compatible with both Uniflex and Maxiflex systems

The Levo P7

Lighter frame, same jaw-dropping presence

Transform your Business with the Levo P7

The Levo P7 is the latest evolution of our renowned Levo structure, now utilizing the well-established P7 frame system. Engineered for effortless handling without compromising on durability, the Levo P7 offers a perfect balance of strength and style, while maintaining the sleek, modern aesthetic of the original Levo.

By building on the proven success of the Levo series, this new iteration ensures you still deliver the “WOW” factor your clients expect - while gaining the flexibility of a modular setup. With interchangeable components and scalable design, the Levo P7 offers a more versatile, practical solution that adapts to your needs.

Available as add-on or stand-alone venue

The Levo P7 frame, available as an add-on to Losberger De Boer structures or as a stand-alone complete tent, is designed to meet your event needs with a lighter, more efficient construction. Its reduced weight simplifies transportation, streamlines installation, and minimizes setup time, providing a practical and cost-effective option without sacrificing quality or aesthetics.

Perfect for creating versatile and unobstructed event spaces, the P7 frame is engineered for ease and adaptability.

Whether integrated with existing structures or used independently, it offers a modern, lightweight solution tailored for dynamic events. Choose the P7 for maximum flexibility and effortless elegance.

Experience unobstructed space

The Levo P7 is one of only a few structures of its kind in the market today without interior legs. This means the entire space remains unobstructed, allowing maximum utilization and limitless event possibilities. With the Levo P7, your layout is not restricted and you can offer your clients a seamless flow and uninterrupted views, which further adds to the open, high end look and feel.

About our Levo Product Line

For decades, Losberger De Boer has led the way in innovative, high-quality tent systems for a wide range of events. Our latest addition, the Levo, is designed to elevate any occasion - be it a wedding, gala, or exclusive celebration - by adding a new level of style and sophistication.
