

Levo:

Elegance and Innovation to Elevate
Your Events

LOSBERGER DE BOER

LOSBERGER DE BOER

Make a Difference with Levo

Stand out by offering something new

For decades, Losberger De Boer has been a leader in the design and manufacturing of tents and event structures, offering creative and versatile solutions for a wide range of needs.

Levo is the latest addition to our range. This innovative new structure is designed to host unforgettable events. Whether it's a wedding, a gala, or any other unique occasion, Levo guarantees an extraordinary experience.

Levo offers more than just an eye-catching roof shape; it provides panoramic views of the surroundings with optimal natural light thanks to its transparent roof membranes (optional). All of this makes Levo the ideal choice to allow your guests to enjoy nature while benefiting from the premium comfort of a Losberger De Boer event structure.

An impressive and versatile structure

Levo is the ultimate solution for event rental companies looking to expand their service offerings with a premium structure. Versatile and innovative, Levo is also perfect for estate and château owners seeking to increase their guest capacity with equipment suitable for permanent installation.

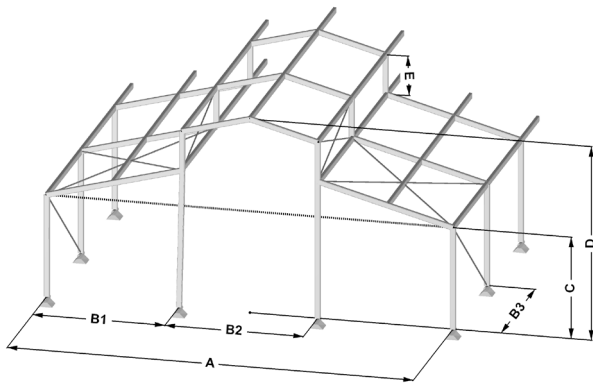

Embrace outdoor spaces

Levo is the only structure of its kind on the market with no interior poles. In addition to the perspectives it offers, the entire interior space remains unobstructed.

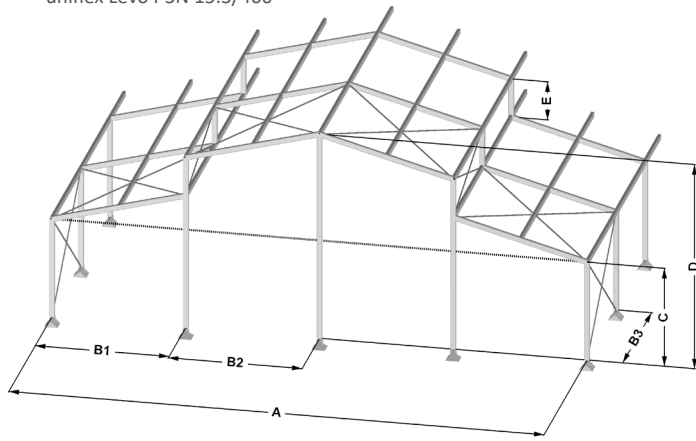

You can fully utilize its volume without compromise, expanding the potential for your events.
